

Reimagine the Value of your FWA Program.™

Fraud, Waste & Abuse Services for Payers

Integrity Advantage is the way healthcare payers reimagine the value of their fraud, waste and abuse program. We've built our diverse knowledge base through decades of doing - supporting dozens of organizations just like yours.

We deliver:

- Laser-focus on healthcare fraud, waste and abuse services
- Unique expertise in detecting, investigating and preventing FWA
- Increased ROI through best practices and improved efficiency
- Objective, vendor-neutral perspective

Services Designed to Help You Reimagine the Value

Whether you're targeting higher ROI, improved efficiency, or compliance with regulatory requirements, we're ready to help. Services range from consulting support and fully outsourced Special Investigations Unit (SIU) to customized training and education.

Program Assessments & Consulting

- Program Assessments
- Risk Identification & Mitigation

“Every interaction with the team is positive and productive, and I walk away feeling like I’ve learned something new or gained a greater grasp on a complex topic or issue. If your SIU or FWA program has needs for a refresh, redesign, or resourcing, I couldn’t recommend any firm other than Integrity Advantage.”

- Senior Director, Compliance, Lumeris

Welcome to The Integrity Advantage Difference

- Integrity Always Comes First
- Hands-On, Laser-Focused Expertise
- Technology-Enabled Perspective
- True Partners
- The Small Business Advantage

Key Benefits

Increase in cases identified, quality of investigations and identified losses

Deliver flexible staffing model of multiple skillsets and credentials allowing you to scale quickly and confidently

Provide insights for enterprise improvement by leveraging best practices, new trends and risks seen at other organizations

Build true partnerships for transparent, authentic communication, with seamless integration and regular check-ins

Focus on payers because we’ve been in your shoes and know what it takes to operate a successful SIU

Optimize existing technology solutions to improve FWA program results
